We Serve The World

Founded in 1918 & headquartered in Taiwan, Tatung Company (www.tatung.com) is a worldwide leader in the design and manufacturing of a vast array of digital consumer products, including consumer PCs, LCD TVs PDPs, network-connected devices, storage-based media players, videophones and home appliances. Tatung also delivers advanced products for business computing, such as Tablet PCs, blade servers and wireless thin clients. For industrial products, Tatung has well-established power and energy businesses.

By capitalizing on the advantages of vertical integration, Tatung makes full use of the supply of key components such as flat-panel displays and digital tuners from its many subsidiaries located across the globe. In order to sustain strong, long-term growth, Tatung is particularly focused on the development of advanced technologies and global network of operations. With its overseas branches spreading across 12 countries, Tatung is in a solid position to deliver products more efficiently and fulfill customer services more effectively.
